

CAMPUS FACILITIES

Creighton's 120-acre urban campus encompasses more than 50 buildings, providing excellent facilities for the University's academic, residential, spiritual, athletic and recreational activities. The beautifully landscaped, pedestrian-friendly campus has been regularly recognized by the Arbor Lodge Foundation as a Tree Campus USA University and has been named a "green college" by *Princeton Review* for a strong commitment to the environment and sustainability. In 2019, *USA Today* named Creighton's St. John's Church one of "51 amazing university and college buildings" in the U.S.

Recent facility projects include a new pharmacy skills lab, the relocation and renovation of the Clinical Assessment and Simulation Center, upgrades to several undergraduate science labs, an expanded dining facility, and renovated occupational therapy and physical therapy labs. A new 200,000-square-foot School of Dentistry building opened in 2018, featuring the latest in classroom, laboratory and clinical technology and accommodating larger class sizes and expanded community dental health outreach.

Creighton's new health sciences campus in midtown Phoenix has a 2021 expected completion date, and will feature an 180,000-square-foot, seven-story building. The project is the centerpiece of a significant city redevelopment project.
