

SOCIAL WORK

Program Director: Monica White

The Bachelor of Social Work (BSW) program is part of the Department of Cultural and Social Studies. The Social Work program's mission is "The purpose of the Creighton Social Work program is to facilitate learning experiences integrating both the art and science of social work practice. Social work students are educated to join with, assess and utilize best practices to address the needs of vulnerable and marginalized populations. Integrating knowledge with care of the whole person is not only the cornerstone of a Jesuit education but required for accreditation, certification and licensure for the social work profession. This department provides "hands-on" learning experiences whenever feasible and provides quality supervision and support during the learning process to enhance the capacity and resiliency of our students."

The goals of the Social Work program are:

1. Prepare undergraduate generalist social work practitioners, grounded in evidence-informed practice, to work with individuals, families, groups, organizations and communities including an understanding and applicability of the global perspective for practice.
2. Prepare entry level generalist practitioners who apply ethical decision-making based on the National Association of Social Work Code of Ethics and the Ignatian charisms, integrating personal and professional ideals through mature self-evaluation and self-reflection.
3. Prepare social work leaders committed to advancing social and economic justice and human rights along with reducing social and economic inequities in society.

The Social Work program is accredited by the Council on Social Work Education.
