ATTENDANCE POLICY

Attendance Policy for the School of Dentistry

1. Purpose
Creighton University School of Dentistry’s primary obligation is the comprehensive and holistic education of the students and assurance of defined curricular length. Implicit in the achievement of this obligation will be the student’s required attendance of classes, laboratories, and clinic session. At the start of every course, each course director publishes the course syllabus which includes the instructor’s expectation for student participation and attendance. It is the student’s responsibility to note the expectations and fulfill them.

2. Scope
This policy applies to the student body.

The Office of Student Affairs determines authorized absences from didactic, laboratory and clinical courses in accordance with the Attendance Policy.

Development of a Plan of Study and/or Patient Care will be in collaboration of the Assistant/Associate Dean of Academic Affairs and the Assistant/Associate Dean of Clinics in conjunction with appropriate course directors.

e. Withdrawal
   If absences occur for two consecutive weeks without prior approval, the student will be considered as having withdrawn from the University. This is not to be considered, however, as revoking the regulation that requires the student to notify the Dean in person or in writing of his or her withdrawal. Refunds are made to the student on the basis of the date the student has formally notified the Dean in person or in writing of withdrawal.

7. Student Protocols for Excused Absences

Make-up sessions may be applied at the end of the semester, or during the semester to provide emergency coverage when school is not in session. For each missed session, a make-up session will be required.

   The assignment to these sessions will be determined by the Assistant/Associate Dean for Clinical Services.

9. Failure to Comply
   a. Failure to adhere to the attendance policy may require the attendance at additional clinic sessions during the following summer and may result in a delayed graduation. For course work, students will be subject to attendance requirements and performance expectations as outlined in their course syllabi which may include potential grade reductions, additional work plans and ramification of their course performance as reviewed by the Student Performance Committee.
