

MASTER OF FINANCIAL PLANNING AND FINANCIAL PSYCHOLOGY

Master of Financial Planning and Financial Psychology - MFPP

Master of Financial Planning and Psychology degree program is an online program designed to prepare students for a career in the field of financial planning.

The program curriculum integrates the CFP® Board education requirement

core coursework with four financial psychology/behavioral finance courses to create a

unique and comprehensive master's degree program in financial planning.

The graduate program would require completion of 33 credit hours, consisting of six personal

financial planning core courses, four financial psychology/behavioral finance courses, and

one elective.
