

MASTER OF ARTS, MEDICAL HUMANITIES AND ETHICS

M.A., MEDICAL HUMANITIES AND ETHICS

The Master of Arts in Medical Humanities and Ethics is an online graduate degree that requires students to complete 30 credit hours of coursework with synchronous and asynchronous elements. The online courses are offered in 8-week terms. Students can progress through the program on a full-time or part-time basis. The length of the program depends on the student's enrollment status.

- Students who choose the **full-time, accelerated option** must begin in the Fall semester and can finish at the conclusion of the Summer semester.
- Students who choose the **part-time, traditional option** may begin in any semester and can finish in two years. *The part-time option is strongly recommended for students who plan to work full-time while enrolled in the program.*
