

M.S., INTEGRATED MEDICAL SCIENCES

M.S., integrated Medical Sciences: (67 Credits)

The Master of Science degree in Integrated Medical Sciences (MSIMS) within the School of Medicine's Department of Medical Education is designed for former Creighton medical students who have satisfactorily completed Components I and II of the School of Medicine curriculum and have officially withdrawn from the MD program in the School of Medicine within the last year. Students can apply credits earned within the School of Medicine curriculum toward this degree. In addition to completing all Component I and Component II coursework in a satisfactory manner, students within the MSIMS program will be required to enroll in and successfully complete the MMS 651 - Capstone Course, within one year of initial enrollment into the program. Successful completion of the MSIMS program will enable students to demonstrate proficiency with the preclerkship coursework and enhance pursuit of medically-related careers. Admission to the M.S. degree in Integrated Medical Sciences is open only to Creighton University medical students with permission of the Program Director.

Code	Title	Credits
Required Courses from MD curriculum		
CIB 103	Foundational Science	5
CIB 105	Immunology and Hematology	4
CIB 107	Musculoskeletal and Integumentary Systems	7
CIB 109	Neuroscience	7
CIB 113	Cardiovascular System	5
CIB 115	Respiratory System	4
CIB 117	HEENT	2
CIB 119	Infectious Disease	3
CIB 202	Gastrointestinal System	5
CIB 204	Renal-Urinary System	4
CIB 206	Endocrine System	3
CIB 208	Reproductive System	4
CIB 210	Life Cycle	3
CIB 212	Multisystem Disease/Clinical Decision Making	5
CIB 218	Brain and Behavior	3
Degree Completion Course		
MMS 651	Capstone Project	3
Total Credits		67
