

MISSION STATEMENT

The mission of the pharmacy program is to prepare competent, compassionate pharmacists who provide pharmaceutical care based upon sound scientific knowledge, well-developed clinical skills, critical thinking capabilities, active learning, moral reasoning, communication skills, and a desire for lifelong improvement. In Fall 2021 the Pharmacy program launched a hybrid pathway at the Phoenix Health Sciences Campus. Creighton pharmacy graduates possess integrity, confidence and capacity to work collaboratively with and for others, and will be proactive and progressive leaders in the profession of pharmacy.

The faculty, with the support of the staff and administration, provide comprehensive and innovative instruction and experience in both the classroom and practice settings. In addition, the School ensures that the educational outcomes are met by a systematic assessment process. The School further fulfills the mission by participating in scholarship, advancing practice, and providing service to the profession, the University, the School, and the community.
